

## OTRR'S POLICY ON USING OTHER PEOPLE'S MATERIAL

It is the official policy of the Old Time Radio Researchers group, when using materials that originated with someone, other than a group member, or materials from a website, or book, to ask for permission and make sure that that permission is included in the materials used.

In the past, this policy was not strictly adhered to by group members. This has resulted in some confrontations, discussions, and hard feelings. OTRR profusely apologizes for this, and hopes that anyone offended by this will realize that we are doing all within our power to correct this mis-use.
